

# Define Reservation Clause Government

Reserve clause is a contract provision that gives the employer the right to assign or reassign an employee to different jobs or locations without the employee's consent. This clause is often used in union contracts to prevent strikes and ensure the company's operational flexibility. The clause typically states that the employer reserves the right to assign or reassign employees to different jobs or locations without the employee's consent. This clause is often used in union contracts to prevent strikes and ensure the company's operational flexibility.
